

GOLF GIN

TEE OFF SUMMER WITH THE NEW EDEN MILL GOLF GIN

Dressed in a green jacket reminiscent of the Masters Champions, Golf Gin features botanicals inspired by the iconic St Andrews Old Course, including seaweed, pine needles, gorse flower and heather.

The recipe received Scottish European Tour Stephen Gallacher's seal of approval after he tasted the spirit during a visit to the distillery's gin blending experience, Blendworks, where he received expert tuition into the art of blending a beautifully balanced gin.

WHAT SHOULD I DRINK IT WITH?

Golf Gin is best enjoyed with a [cucumber tonic](#), such as [Primrose Hill](#), and a blackberry and mint garnish. This can be served in an Eden Mill [Tulip gin glass](#).
