

GOLF GIN

Golf Gin is the gin for golfers to enjoy all over the country. It was created in 2016 by Eden Mill in homage to the spirit of golf in St Andrews.

Since its launch, Golf gin has been a perfect refreshment to enjoy when you reach the 19th hole.

During the 2017 US Masters, it was highly popular and we expect this to continue throughout the golfing season. At home or in your local golf clubhouse, a refreshing Golf Gin & tonic (G & Tee) is a very civilised way of socialising and enjoying golf tournaments on TV.
