

# HOP GIN

We're Scotland's original single-site brewery and distillery. So to create our award winning Hop Gin, we married our brewing and distilling skills. Hops, a core ingredient of beer, meet our distillery's gin and the result is a zesty citrus and apricot aroma. Strong, at 46% abv, with a thick, heavy, rich finish as a G&T. Because of a balance between floral, coriander and light hoppy notes, a soft tropical fruit follows with an undercurrent of juniper. This leaves smooth, hoppy and fresh apricot notes balanced with a refreshing crisp bitterness. In essence, Hop gin leaves a 'well rounded' mouth feel that gently fades with a light hoppy character. The [Fentimans range](#) of mixers is now available to complement Eden Mill Hop gin. This can be served in a [Tulip gin glass](#).
